

The background of the entire image is a dark, almost black, space filled with several large, detailed pink peonies. The flowers are in various stages of bloom, with some fully open and others as buds. The petals are a vibrant pink, with some showing darker, more saturated hues towards the edges. The lighting is dramatic, highlighting the texture of the petals and creating deep shadows. The overall composition is elegant and sophisticated.

ABOUT THE STEPPING STONES FOUNDATION

Stepping Stones Foundation is a 501(c)3 nonprofit walking alongside youth in crisis across North Texas. We believe every young person deserves safety, nourishment, guidance, and opportunity.

Through our core programs — Project Oasis, Hunger Force, Perseverance, and Career Launch — we provide shelter, meals, mentoring, and career opportunities that restore hope and create lasting change. What begins as meeting immediate needs often becomes the first step toward stability, empowering youth to focus on education, discover their strengths, and plan for their futures with confidence.

With the support of our community, Stepping Stones has grown from a local effort into a thriving organization reaching countless young people each year. Together, we create safe spaces, open doors, and offer second chances. Every life touched is a reminder that when youth are given stability, strength, and encouragement, they can dream again — and achieve more than they ever imagined.
