A decorative abstract design at the bottom of the page. It features a large, textured blue shape in the bottom left corner. Overlapping this and the dark background are several curved, gold-colored lines. One line is solid and has a small, textured gold circle at its end. Another line is dashed. A series of small gold dots follows the curve of one of the lines.

ABOUT US

GCS Moms League is a volunteer-led, nonprofit organization dedicated to serving area families. Our league has evolved into a community of local families who gather for support, friendship, and fun.

GCSML consists of working parents, stay-at-home parents, and parents of school-aged children. There are no residency requirements and members live all across the DFW-area.

We host a variety of events to include all schedules and age groups.

21-22 BENEFICIARY

Kids Matter's mission is to help children in need by providing free programs that empower them and enhance their lives. They serve school-age children who live at or below the poverty level. Their annual Around the Block event provides new clothes, shoes, a backpack, and a book to each qualifying child who participates. (1,500-2,000 children are served through this event every year.)

Along with helping to provide necessities, Kids Matter also empowers children through their summer educational program, Ramp Up Reading. Children of low income families rarely read at a proficient level for their age, and often lose as much as three months of reading comprehension skills over the summer when they are not attending school. Kids Matter provides over 20,000 books to these children annually. Volunteers also read to younger children and with older kids, focusing on reading improvement and comprehension.
